Good Afternoon Everyone,

Please find attached the 2020 Annual Report for the Vapor Intrusion Field Investigation at the Aerojet Superfund Site. The Annual Report contains the latest indoor air sampling results through Q1 2020. Also attached is the response to EPA comments on the 2019 annual report.

Please note, the attached annual report only contains text, tables and figures due to file size limitations. The full report, including appendices will be uploaded to the Geosyntec Public SharePoint site shortly. The Geosyntec SharePoint site is currently down due to a malicious cyber-attack, which occurred this past weekend. If anyone requires the Appendices immediately, please let me know and we can attempt to use another file transfer website or mail a DVD copy.

Thanks,

**Peter Kvam**
